The route consists of several (three to five) sequential special stages with road sections (liaisons) between them. The length of each special stage is 5 to 20 kilometers. Each special stage route is loaded into the crew's navigator as a set of GPS coordinates. Start and finish of the special stage is recorded by marshals. Special stages routes include photo fixation points. In case of a photograph is missing for these points, the crew is penalized by 1 hour per missing photo point. The crew that completed at least one special stage is included into the scoring. The winner is a crew that completed the event route at minimal time with penalties taken into consideration.

Technical Inspection may be done according to either "Losik" Club Technical Regulations or 4X4 NEZ Championship Technical Regulations. United scoring categories are: TR1 (Standard+Winch), OPEN (Prof Standard), TR2 (Extreme), TR3 (Proto). In case of dispute, the decision to be made by the Commission.

Tourist scoring group (Standard, Light, Open categories according to "Losik" Club Technical Regulations) is offered several special stages designed as GPS orienteering on open route at a separate area of the district. The crews are allowed to provide mutual help to each other. The tourist scoring group competition days are May 17-18.

Entry fee at Kivarin-trophy, 4X4 NEZ Championship: 7500 RUR (160 E), Tourist scoring group: 5500 RUR (110 E).

The event area is characterized by abandoned roads, logging roads, soft grounds, bogs, narrow tracks in the forest, felling and cuttings, tree stumps, up to 1.5 meters deep water crossings, moderate terrain.
